 jamestso0530@gmail.com

 Hong Kong

PROFILE

Graduating first class honours in Information Engineering, an independent and self-motivated continuous learning graduate looking for an entry-level position where I can utilize the extensive knowledge I have gained during my course. My experience with Forida has also enabled me to be proficient in different programming, where I worked with IoT system, cloud deploying and website designing.

SKILLS

- Motivation on Self learning
- Creativity and Flexibility
- Problem-Solving
- Clinic Planning and Leadership
- Strong Communication

EDUCATION

BACHELOR OF ENGINEERING IN INFORMATION ENGINEERING

City University of Hong Kong
